

Hello

Feel free to print out and use this as study material. Here you will learn to count from 1, no, 0 until 100. Perfect lesson for beginners. Please review as much as possible to master them all. It won't take long.

And... if you REALLY want to learn to German with 1,000+ of [Audio & Video](#) effective lessons from real teachers – [Click here to sign up for free at GermanPod101.com](#) and start learning. I personally recommend them.

1 to 10 in German		
Number	English	German
1	zero	Null
2	one	eins
3	two	zwei
4	three	drei
5	four	vier
6	five	fünf
7	six	sechs
8	seven	sieben
9	eight	acht
9	nine	neun
10	ten	zehn
11 to 20 in German		
Number	German	English
11	elf	eleven
12	zwölf	twelve
13	dreizehn	thirteen
14	vierzehn	fourteen
15	fünfzehn	fifteen

16	<b>sechzehn</b>	sixteen
17	<b>siebzehn</b>	seventeen
18	<b>achtzehn</b>	eighteen
19	<b>neunzehn</b>	nineteen
20	<b>zwanzig</b>	twenty

Now, going to 100 is easy.

First, to say the tens (like, 20, 30, 40, 50, 60, 70, 80, 90) you need to know this rule.

◆ **Refer to the numbers you learned from 1-9 then add “zig”**

So, you know that vier is for. So, vier+zig = vierzig = 40.

Now, what about the in-between numbers? Like 24, 35, 59, 71 and 99?

20, 30, 40, 50, 60, 70, 80, 90, 100 in German		
Number	German	English
20	<b>zwanzig</b>	twenty
30	<b>dreizig</b>	thirty
40	<b>vierzig</b>	fourty
50	<b>fünfzig</b>	fifty
60	<b>sechzig</b>	sixy
70	<b>siebenzig</b>	seventy
80	<b>achtzig</b>	eighty
90	<b>neunzig</b>	ninety
100	<b>ein-hundert</b>	one hundred

You need to know this second rule or formula.

- A. Start with the numbers you learned from 1-9
- B. Add “und”
- C. Then refer to the tens (20, 30, 50, etc. .. 90)
- D. Add A+B+C

So, say you want to say 22.

**A. Start with the numbers you learned from 1-9**

A. 2 is zwan

**B. Add “und”**

A. add und

**C. Then refer to the tens (20, 30, 50, etc. .. 90)**

A. twenty is zwanzig

**D. Add A+B+C**

A. so, zwan+und+zwanzig

B. zwanundzwanzig

So, zwanundzwanzig is how you say 22. It's saying like 2 and 20. Here are more examples for you.

In-between number examples		
Number	German	English
44	vierundvierzig	forty-four
99	neunundneunzig	ninety-nine
55	fünfundfünfzig	fifty-five
22	zweiundzwanzig	twenty-two
66	sechsendsechzig	sixty-six
21	einundzwanzig	twenty-one
77	siebenundsiebzig	seventy-seven
33	dreiunddreißig	thirty-three
88	achtundachtzig	eighty-eight
