

# Hangul Printable PDF Flashcards

by [linguajunkie.com](http://linguajunkie.com)

The best site for language resources

Hangul is the Korean alphabet made of 14 consonants and 10 vowels.  
There are also double consonants and compound vowels...  
...all of which you will master with these flashcards.

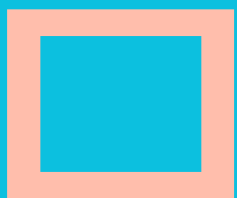

Download 'em, print 'em, stick 'em around the house or in your notebook and you will master the characters in no time.
