

Top 64 Hebrew Adjectives for Beginners.

How to learn: Now, 64 is a lot of words, right? Don't be scared. Take a look. There are 30 days in a month. If you just learn 2+ Hebrew words a day (multiply 2 by 30...that's 60), you'll learn all 60 in a month easily.

So learn 2 on one day, learn 3 on another. That's it. Easy.

- Print this lesson out to have as physical material
- Review often because success doesn't happen from learning things "once"
- Don't worry too much about their order or why something might be missing - one easy step at a time, my friend.
