gonbu-haesseumnida. (place/location)eseo baewosseumnida.

Now you know how to introduce yourself in Korean!

And...

The first thing any beginner Korean learner needs is an introduction. Why?
Because who the hell are you? Where are you from? Why are you learning Korean
& why should anyone care? If you got this far, you should now have a full script
about yourself to use in conversations.

So, what do you do now?

1. Take the script I gave you above and put in your name, age, etc. There's your introduction.
2. **Introduce yourself in Korean by leaving a comment below!**
3. Start using your introduction.
4. ..and learn even more Korean.
